

# SOLVING THE GERM PROBLEM

**KILLS 99.9% GERMS  
WITHOUT WATER & PROTECTS HANDS**

is a brand of hand sanitizers developed with a WHO recommended formulation, with higher percentage of ethanol for its antibacterial benefits.

Our product is manufactured as per WHO guidelines and is superior to market products - **With 80% Alcohol content**, proven to not just clean hands, but kills bacteria instantly with a pleasant fragrance.

Liquid hand sanitizers are more efficacious than gel-based sanitizers to kill germs. Doctors, Medical Institutions and experts in the medical field use liquid based hand sanitizers!

## SO WHY NOT US?

Solving your germ  
problem in just  
**3 SIMPLE STEPS**

Dispense the hand sanitizer on your palms.

Rub well over palms, back of hands and fingernails until dry.

Waterless use for refreshingly clean hands.
